## *Burnamwood News*

Last weekend, we may have broken some records at Burnamwood! We had three groups staying at the camp at the same time...in the midst of Tornado watches! The groups all had a wonderful weekend. Many thanks to Larry Bowald for directing the Middle School Wilderness Survival and to First Presbyterian in Lexington for using the camp for a Confirmation Retreat.

This weekend, the Senior High youth embark on their journey exploring God's love with the theme "all you need is love". The directors and the 2008 summer staff, have worked hard to prepare an exciting weekend in the beauty of Camp Burnam-

wood. There will be over 40 people at camp this weekend, so please keep them in your prayers.

There are only two weekends left open in the Spring for groups to use the camp, so sign-up now!

Summer registrations have begun to arrive at the camp and the excitement is building. There's something for everyone this Summer, so sign-up ASAP.

We have added a camp that was not in the original promotional materials. **July 13th-15th, there will be a 1st/2nd**

**grade camp directed by Pete Jones.** Look for details soon, but get it on the calendars now!

Barrett and Pete have been visiting Churches and are loving the feedback from the business plan. Let us know if you would like a visit and we'll get you on the calendar!

April 18, 2008
