

Together In Service Annual Report 2011

My first year as your Together In Service Coordinator has been quite exciting for me. Learning, sharing and getting to know so many wonderful people. I am blessed in so many ways.

All over our Synod women have been communicating their stories, sharing ideas and growing together. Work in service is never ending and the needs sometimes seem to overwhelm. Let us not forget that God never gives us a task without also giving us the tools to achieve what He wants. Many times those "tools" are each other. We can call on those we know and reach out to those we don't knowing that help will be there.

Thank you for this opportunity to be a part of that work. Please continue to communicate with me and call on me even if you don't know if I can help or not. I commit to you that I will always try.

Our recent Hygiene Kit Challenge was a glowing example of what can happen when we reach out to each other. Let's not forget the joy and excitement of that work and carry it on to the never ending needs. Find your passion and then pursue it passionately.

Always here to help you in God's work.
