

TOGETHER IN SERVICE REPORT 2008-2009

Another year has come and gone as PW in the Synod of Living Waters have worked in the area of service to others and missions.

A letter was sent to all presbytery Together in Service/Mission representatives in the Fall of 2008 and again in the Fall of 2009. The letter tried to encourage each presbytery to find areas of need within the presbytery that could be suggested as projects for PW in the local congregations. Local PW were also encouraged to look within their individual communities for projects.

The information that came to me from Louisville was the same information that was sent to the presbyteries and local PW...Thank Offering, Birthday Offering, Networkers. I checked issues of Horizons and the Churchwide PW website and found a few items that I could pass on to the presbytery reps for their consideration.

I received three responses to my request asking for a copy of the yearly report of each presbytery TIS/Mission representative. I hope it meant that they were too busy actually doing service/mission to take time to respond. I appreciate the ones who did send me a copy of their report.

I was unable to attend the PWSCT meeting in 2008 because of the date the meeting was held. I will be in Birmingham for the 2009 meeting.

May God continue to bless the efforts of Presbyterian Women as we seek to minister to those who have so many needs.

Peggy B. Miller
PWSCT/Together in Service (Mission) Coordinator
